- 2 glasses of kefir or natural yoghurt
- 2 bananas
- 1 apple
- some oil

Additionally:

- icing sugar

- bowl
- mixer
- 2 wooden shovels
- ladle

Method:

1. First pour kefir into a bowl.
2. Next add the flour with baking powder and eggs.
3. Then mix everything.
4. After that cut bananas into slices and do the same with apples - thin quarter slices.
5. Add fruits and mix thoroughly.
6. Pour on the frying pan some oil and heat it.
7. Next scoop the dough by a small ladle and put on the hot oil, forming small circles.
8. Finally, if one side blushes, turn to the other side.
9. Before serving, sprinkle icing sugar or spread jam. Some raspberries suit perfectly here too, so you can use it to decorate pancakes :)
